

Contrôle de flux les boucles for

For sur un range (simple)

```
for (i in 1..5) {  
    println(i)  
}
```

1
2
3
4
5

For sur un range (step)

```
for (i in 1..5 step 2) {  
    println(i)  
}
```

1
3
5

For sur un range (downTo)

```
for (i in 5 downTo 1) {  
    println(i)  
}
```

5
4
3
2
1

For sur un range (downTo + step)

```
for (i in 5 downTo 1 step 2) {  
    println(i)  
}
```

5
3
1

Foreach sur une collection

```
for (item in collection) {  
    // do something with item  
}
```

Continue

```
for (item in collection) {  
    if (condition) {  
        continue  
    }  
    // do something with item  
}
```
